These sessions are a great opportunity to gain and improve your knowledge and understanding of the many factors important in the selection of wheelchair seating, for a wide range of clients. These sessions will be of interest to clinicians, technicians, suppliers and others involved in this field. The presenters both have extensive clinical expertise in this field, and have presented at many national and international conferences.

See reverse side for registration details – please don't delay - registration limited.

- ▶ Review of client assessment and measurement
- ▶ Overview of human anatomical structure and forces influencing seated posture
- ▶ Application of basic ergonomics to evaluation and selection of seating support surfaces
- ▶ Extrinsic environmental factors relating to cushion material selection
- ▶ Discussion of a variety of seating technology approaches
- ▶ Issues for various client groups – pediatric to geriatric
- ▶ Evaluation and challenges regarding bariatric clients
- ▶ Case study examples of seating considerations for various diagnoses
- ▶ Discussion and sharing of ideas

Please see reverse side for Seminar details and registration form

Stephanie Tanguay has been an Occupational Therapist for 23 years with 6 years experience on a Model Spinal Cord Injury unit, and 6 years in a Seating & Mobility clinic. She also worked as a Rehabilitation Technology Supplier for 7 years, specializing in the provision of specialty seating and mobility devices. She has presented on numerous occasions at the International Seating Symposium, RESNA and the Canadian Seating & Mobility Conference and was recently a speaker at the 2009 European Seating Symposium in Dublin. Stephanie has been the Clinical Education Specialist for Motion Concepts since 2006, providing education seminars and product in-services in the US and internationally.

Cher Smith is an Occupational Therapist currently working as the Wheelchair Coordinator at the Queen Elizabeth II Health Sciences Centre. She is also an adjunct professor in the School of Occupational Therapy at Dalhousie University in Halifax, Nova Scotia. She has been working as an OT involved in research, clinical and educational work for the past 13 years. In 2002, Cher was awarded the Mundy Award by the Canadian Adaptive Seating and Mobility Association in recognition of her outstanding contributions in the field of seating and mobility. Cher is an informed and inspiring speaker who has presented at Canadian Seating and Mobility Conference, the International Seating Symposium and RESNA.
